

Lesson Plan

Date:

<p><u>Objective:</u> What skills do you wish the students to learn today?</p>		
<p><u>Relevant App provided by Breteau:</u> Which app matches the above skill?</p>		
	Activity:	Teacher Notes:
BEGINNING	The teacher should teach the skill to the students.	
Materials:		
MIDDLE	The students should use the app to practice the skill.	
Materials:		
END *Teacher (and students) are able to determine if objective was met	The teacher should collect the tablets again. And then have a class discussion about what they learned to finish the class. Students should share what they learned. The teacher can decide from their answers if they were able to do the skill.	
Materials:		
Possible Follow-up Lessons	What should the teacher teach next? How would a tablet be used to do it?
